

Batch PO Satisfy Utility

The purpose of this utility is to allow for Purchase Orders to be Satisfied on a Batch Update basis.

The utility will allow the user to complete delivered Purchase Orders by batch. A new bespoke form would be added in "Opera – P. Order – Utilities" named "Batch Satisfy ", this will prompt the user to specify "On or Before Date" of delivered PO to complete. Once completed, the user can use the Standard Opera – Reorganise utility to clear completed PO's.

The satisfy purchase orders on or before date defaults to 1 year previously although this can be changed to any valid date.

Batch PO Satisfy Utility - £350.00

Annual Maintenance and Support - £80.00
