

In Pegasus Opera 3, the **Favourites** feature allows you to create a personalised menu for quick access to frequently used functions, enhancing your workflow efficiency.

Here's how to set up and manage your Favourites:

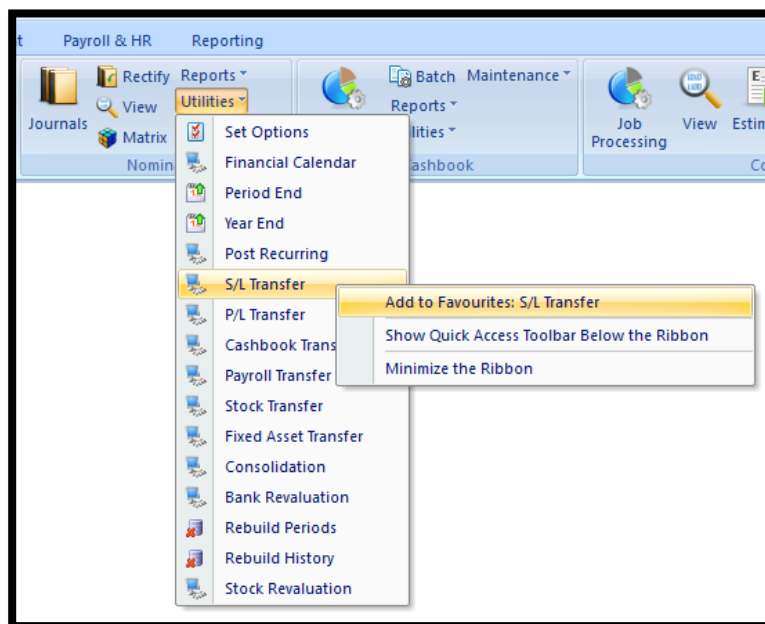

Navigate to the Desired Function:

Browse through the Opera 3 menu to locate the function you wish to add to your Favourites.

Add to Favourites:

Right-click on the selected function.

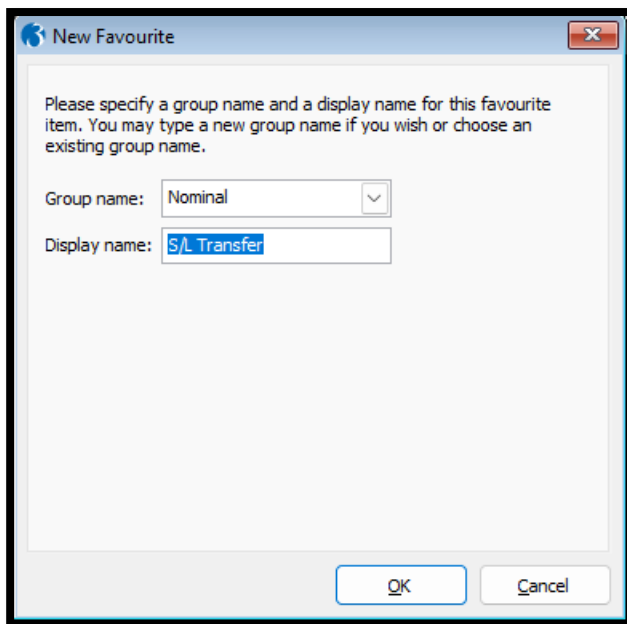

Choose **"Add to Favourites"** from the context menu.

Organize Your Favourites:

Upon adding, you'll be prompted to assign a **Group Name**. This allows you to categorize your Favourites for better organization.

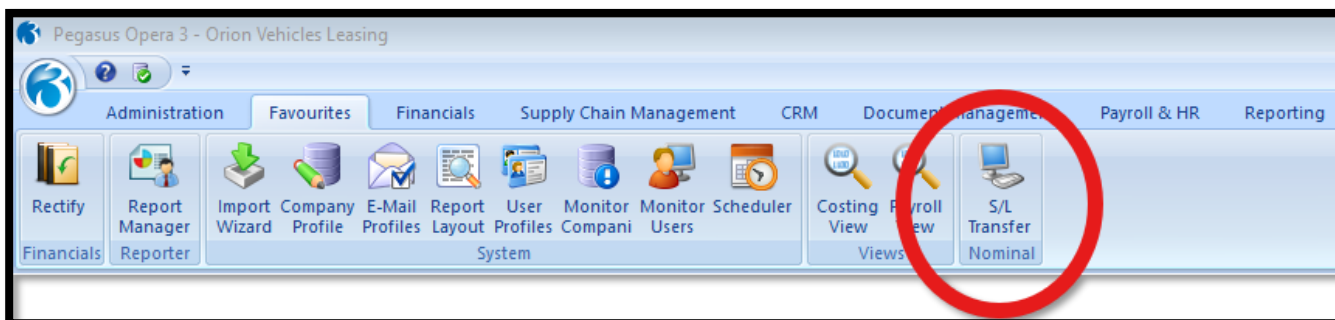

You can create new groups or add functions to existing ones.

Accessing Your Favourites:

Your Favourites can be accessed from the main menu under the **Favourites** section.

Functions are displayed according to the groups you've assigned, allowing for quick navigation.

By customizing your Favourites, you can streamline your tasks in Pegasus Opera 3, ensuring that your most-used functions are always within easy reach.
