

Pegasus Opera 3 - Detailed Installation Procedures

Opera 3 2.96.00

No CD's will be sent out, you must download the file from our website.

You will receive an email containing a link to our website, where you can download the file.

Activation Keys will be included in the email

If you have Opera installed on a Network Server:

Either download the file to your PC and copy the file on to the server or download the file directly on to the server.

If you have Opera installed as a standalone PC, you can download the file to your PC.

If you are unsure - speak to your IT Department

IMPORTANT

Once you have downloaded the file from our website, you MUST extract the zip file. To extract the zip file, right mouse click on the file.

<u>DO NOT</u> SELECT **<u>OPEN</u>** AND CLICK ON SETUP, IT WILL NOT INSTALL CORRECTLY.

ownloads > Opera 3 > TEST	~ Ö	Search TEST	م
Name	Date modified	Туре	Size
Pegasus Opera 3 Release 2.60.00	Public R 0 Open		
	Open in r	new window	

YOU MUST EXTRACT THE FILE FIRST OTHERWISE THE SOFTWARE WILL NOT INSTALL CORRECTLY AND YOU WILL GET ERRORS.

ownloads > Opera 3 > TEST	~ [©]	Search TEST	2
Name	Date modified	Туре	Size
Pegasus Opera 3 Release 2.60.00 Public R	Open Open in nev	v window	ike a

When you EXTRACT the file, this screen will appear and ask for the destination for the extraction. Enter your destination. We would suggest placing any files in the O3 Server\Profile\Software folder for ease of access.

e	Extract Compressed (Zipped) Folders	>
	Select a Destination and Extract Files	
	\\SERVER_NAME\03 SERVER\PROFILE\SOFTWARE Browse	
	Extract Car	ncel

If you are unsure – please speak to your IT Department

Once you have *extracted* the download, please read these instructions carefully before carrying out your Payroll upgrade.

You can install the Payroll Upgrade at any time before running the Payroll Year End.

Check which version of Opera you are running, Opera 3 v2.95.00 or later. You can check which version you are running by logging in to Opera, it tells you the Release Number on the login screen, alternatively you can select Help > About from the menu bar at the top of the screen.

If you are not using Opera 3 v2.95.00 or later, please call the **Profile SystemCare Helpdesk Immediately - on 03450 660099**

Before you install the upgrade – <u>TAKE A BACKUP</u> – not just the data but <u>EVERYTHING</u> in the Opera Directory. Make sure no one is in the system before you start. If you have a server, check the tape backup was successful – this will be fine. Also if you have XRL installed or any other services that rely on Opera, please ensure all users are logged out and the services stopped.

Take a separate backup of your data – you can do this by logging in to Opera selecting Administration > System > Utilities > Backup

Make sure you select all companies (EXCEPT Company Z). The choice to include Additional Files is a User one, it will take longer if you include additional files.

If you are happy that the standard network backup has been completed successfully and your
 Network
 Administrator has confirmed this, then you can un-select the 'Include Additional Files' option

If you are unsure in anyway, then we would strongly recommend that this option is left ticked.

o NB This will increase the time need for the backup to complete. o NB Do not un-tick

and then re-tick this option as this can cause the backup to fail.

Before running the Opera 3 v2.96.00 upgrade, please check to see if you have any Bespoke.

Firstly Log in and within System-Preferences switch Menu Style to Navigation Pane, then Re-log in and select the select the Help option, OR there will be an option for Bespoke Activations.

If you have not received any updated bespoke and you know you have bespoke please call the **Profile SystemCare Helpdesk IMMEDIATELY on 03450 660099** When you are ready to upgrade your Opera System, ensure you are on the correct Opera server or the stand alone PC if not on a network, open the folder you extracted the files into:

Double click on Menu.exe

This will load the Pegasus Opera 3 Menu

Click on Opera 3

Click on Install Opera 3 – the system will ask if you allow changes to be made – say Yes

Please make sure it says 'Upgrading the Installation of Pegasus Opera 3 Server'

If it does not, do NOT click the Next button, leave this screen up on your PC and call Systemcare on 03450 660099 immediately.

If it Does, then click on the Next button – the upgrade will now begin.

🚯 Update	Data Structures
	This facility will use the latest database structures to bring the data for the System & Selected Companies up to the current specification.
	You MUST have taken a BACKUP of your data for ALL selected companies and NOBODY ELSE may be using the system.
0	Cancel Back Next

Click Next

Please select which companies should be updated. System data	
will be updated irrespective of selections made.	
☑ Orion Vehicles Leasing (Z)	
Reverse Selections	

You must run the Update Data Structures on EVERY Company. Select one company at a time Click Next.

🚯 Update	e Data Structures
	Please select the companies to update with the statutory rates supplied by HMRC as shown in Payroll on the PAYE/NI/Stat. Payments form: Table 1 will become effective from 06/01/2024. Table 2 will become effective from 06/04/2024.
2	<u>Cancel</u> <u>Back</u> <u>N</u> ext

Remember to tick the box on this screen. This will update the PAYE / NI / Statutory tables for each company.

Note: This will change the settings back to PAYE/NI/Statutory defaults, so if you have over-ridden any settings remember to reapply these after the upgrade. E.g. Apprenticeship Levy and Employment Allowance.

Please also remember to tick "Force Rebuilding" and "Run Unattended" boxes & Untick the Update Stock Transaction PDF References

You do not need to change the location of the Audit File.

	Please select Administrators	any of the following options 3.	available to	
	Eorce re	building of all tables and ind Stock Transaction PDF Refe	lexes rences	
	Run una	ttended		
	Audit File:	UDSAudit.Txt		

Click Next. The Update Data Structures will begin.

Once the Update Data Structures has been run on each individual company and has completed successfully, you can begin processing in the normal manner.

If you get any errors during the Update Data Structures, make a note of the error, and call the <u>Profile SystemCare</u> <u>Helpdesk IMMEDIATELY on 03450 660099</u> – <u>DO NOT CONTINUE</u>

Data Provisioning Service & Making Tax Digital Pegasus Scheduler Upgrade

If you are on Opera 3 Version 2.95.00 and above you don't need to upgrade scheduler

If you opt to undertake this upgrade yourself, (not recommended), and you experience installation or configuration issues resulting from this upgrade, please log a call through the support desk on 03450 66 00 99 or email <u>support@profile.co.uk</u>

Your call will be logged, and then passed over to your Sales Account Manager who will quote to have work completed for you on a chargeable basis, installations of software (including version upgrades) are not covered by your Pegasus telephone software support agreement.
